Basics of Doing Business in South East Asia – 1-Week Training Program

Experience South East Asia while developing the skills and confidence to do business successfully across cultures. This immersive two-week program combines **practical business insight and cultural understanding** to help participants engage effectively in South East Asia's dynamic professional environment.

Learn essential South East Asia business etiquette, practice real-world communication, and build meaningful relationships through a combination of **interactive workshops, language sessions, and hands-on experiences**. The course also includes guidance on negotiation styles, workplace expectations, and the role of social interaction in South East Asia business culture.

The program is **fully inclusive** — covering **quality accommodation, most meals, local transport, guided cultural and social activities, and all training materials**. Participants will gain valuable in-country experience, enjoy networking opportunities with South East Asian professionals, and explore South East Asia's vibrant culture in a supportive learning environment.

Duration: 1 week

Location: Bangkok and surrounding regions

Ideal for: Professionals, business owners, and organisations seeking to expand their presence in South-East Asia.

Join us and build the cultural confidence to connect, collaborate, and succeed in South East Asia.
